Dispute regarding
SUBJECT:— Certain buildings

alleged to belong to the
Sri Shobhadaswami matt
at G. Narasipur.
LAST REFERENCE.

Letter No. 217 dated 28th Feb
1903

from the Dy Commissioner
Mysore District.

G. Sheshadri Iyengar
local Agent of the Sri
Shobhadaswami matt at
G. Narasipur, presented a
petition to this office, complain-
ing that the local magist-
rate's officers unlawfully ejected
him from the possession of
the matt building and

a matt site situated
near the Sri Ganga Narasimha
- Swami Temple at G. Narasipur.

The Dy Commissioner was
called upon to submit a
detailed report on the
allegations contained in
the petition. In reply he
has submitted the entire
vernacular records connected
with the case - The records
show as follows: -

2. One Valabogal Srinivasa
Lyngar of G. Narasipur
had built a tiled building
house on a vacant site,
adjoining the Sri Ganga Narasimha-
- Swami Temple at G. Narasipur,
the building measuring
12 yards from east to west
and ¹³ 24 yards from

to South and the back-
yard attached to the building
measuring 15 yards from
east to west and 16 yards
from north to South. When
he built the house in question,
and how he came to the
possession of the site, is
not known - On the 29th
September 1873 he sold the
house and the back-yard
to the Sri Athabulaswami
Mutt for a consideration
of Rs 200. The Deed of^x
Sale executed in favour
of the Karyakarta of the
mutt, was duly registered
in the late Taluk Sub-
-Registry Office, on the
2nd October 1873.

3. In December 1860 a
piece

piece of land (dimensions
not-known) ^{situated} between the
Sri Ganadhaswami and
the Sri Ganja Narasimha
- swami Temples at G.

Narasimha (that is, just
by the side of the house
alluded to in the above

para) was granted under
orders of the late Superintendent
of the Ashtagrama Division
(Major Clarke), to one

G. Narasimha Chinnappa,

for constructing a masafkhanah

for the use of all castes. The grantee,

Chinnappa, appears to have accordingly

constructed a building to
a certain extent and ^{to have} been

in its possession till 1873,

when he gifted away the
building ^{together with the vacant site attached thereto,} as well as the

materials

materials collected
therefor, to the Sri
Athabala matt. The Deed^x
of gift which stands in
the name of the Swamigal
was duly registered in
the late District Sub-Registry
Office on the 6th October
1873.
The document does not
make any mention of the
Muzafferkhana -

4. Thus, the matt came
to the possession of the
building & gift by Chinnar
and the tiled house &c
purchased by ~~them~~^{it} from
Valabagal Swamiasa Zangar
in 1873; and ^{appears to have} continued^{to}
in their ^{undisturbed} possession till 1902.

5 On the 14th July 1898 the
Parishadgar of the Sri Guja

Gurija Narasimhaswami

Temple reported to the Amildar

& that one Nujappa had been

digging foundation on

the site between the Sri

Gurjarnarasimhaswami

and the Govardanaswami

Temples and that it

would be dangerous

to the temple during the

rainy season, when the water

would stagnate there.

In August 1898 the Garphallogar

again reported^x that foundation

had been laid up to the

basement and that further

work was in progress. He

also stated in his report,

that the misapertkurna

built by Chinnima had

been in a dilapidated condition;

and that it had been

kept under lock and key
 by Appaninger (Agent
 of the Sri Athabalammi
 matt) and requested
 therefore that orders might
 be issued to throw it
 open to the public. He further
 stated that the temple
 valuables might be arranged
 to be kept there, if given
 to the possession of the
 temple. Appaninger
 therefore gave a statement
 before the Auditor, ~~and~~
 Sundarasingar, that
 a tiled house which once
 existed on the vacant
 site where foundation
 was being laid, ~~was~~^{had}
 been purchased by the
 Athabala matt from one

X

Srinivasa Lingar; that
 the building built of brick
 and chunam, which is
 alleged to be *mesafukhama*,
 had been in the possession
 of the matt; and that
 the ^{connected} documents were in the Head Quarters of
 the [^]Shubala matt. The Amildar then gave ^{involuntary}

order not to proceed
 with the work.

6. While the matter was
^{thus}
~~still~~ under correspondence
 in the Subuk, one Contractor
 Srinivasa Lingar and
 two others petitioned the
 Dy. Commr on the 26th
 August-1898, requesting
 that further progress in the
 construction work on the
 vacant site might be
 ordered to be stopped, as
 they had to make certain
 alterations to the *tri gunardana*.

by the side of the site in
question. This petition
was referred to the Amildar
for report and he in
reply ^x stated that a
piece of land by the side
of the Guja Narasimhaswami
Temple had been given to
one Chinanna in 1860 for
the purpose of constructing
a Musaparkhana according
to the plan submitted by
him; that the said Chinanna
had
built a portion of it, though
not according to the plan,
and ^{that he} ~~that~~ seemed to have
been in possession thereof
till his death ~~approximately~~
~~approximately~~. As
regards the vacant site,
about which a report had
been

Called for from the Dy
Commissioner, he stated
that the site in question
belonged to the Sri Ganga-
Narasimhaswami Temple;
that the construction of
a building there would
be injurious to some of
the houses closely; and
that the servants showed
that the site and ^{some} other
buildings belonged to
the temple.

7. Mr. Andapuram
Advocate,
Narasimha Zangar, had
in the meanwhile presented
a petition ^x on behalf of
the Matt to the Assistant-
Commissioner in charge of the
District, representing that
the site in question as well
as

as the tiled building
 which existed thereon, was
 purchased by the Mutt
 from Simiwa Zingwa
 in 1873; that since then
 the Mutt had been in
 possession thereof; that
 about 5 or 6 years ago,
 the building having become
 very dilapidated, the
 local Agent of the Mutt
 had removed the materials
 thereof and collected
 and placed kept
 them in ~~the Mutt's~~
 another mutt building
 situated by the side of
 which were still there;
 it; that the dispute had
 been purposely set on foot

 by ~~Simiwa Zingwa~~
 and others who were
 trying

that the same that
 sold the site

to get a portion of the vacant site for the Jeejee temple proposed to be newly built by them; and that none but the matt were the holders to the site under dispute. He further stated that the fact of the site having belonged to the matt might be verified from the Khunishumari and municipal accounts.

In support of his contention, he produced a copy of ^x the registered Deed of Sale that had been executed in favour of the matt; and ^{he} also stated that the matt had received notices from the local offices on all former occasions, about the reconstruction of ^{the} ~~the~~

the reconstruction of a building on the site -

8. Further information on this petition ~~was~~ on the Amildar's report referred to in para 6 above, was called for from the Amildar, He therefore took down statements of

the marginally^x-noted persons, of whom Rangjirgar, son of Chinnamma, the original founder of the alleged

Narasimhacharya, ^xstated that his father, who died about 5 years ago, had, 30 years before, ~~gifted~~ ~~acquired~~ obtained a piece of land by the side of the Sri Ganga Narasimhaswami Temple, for the purpose of

 to proceed with the work

 building with the ^{remains} vacant-

 building; that he had
 also attested the deed

in the notice. In the report
 the Auditor referred to
 a separate communication
 on the subject of the mis-
 -management of the villages

 which had been forwarded
 in July 1900. Thereupon
 the entire correspondence
 was returned to the
 Auditor by the Asst-
 Commr Mr Changiah
 Chetty ^{who directed that it} ^{shd} be kept in
 abeyance, till the question
 of mismanagement of the
 grant endowments had
 been decided by the Dy
 Commr, to whom the subject
 had been referred for orders.

 Auditor

again referred the question
 for the special Sub-^{or}
 officer's (Mr. Kuntaraj

 the Agent of the Mutt had again
 applied for permission to
 proceed with the construction
 work on "Sundara Rajwade
 vacant site", which had
 been stopped by his predecessor.
 No final orders were issued however,
 in spite of repeated correspondence.

building. As regards the vacant

 a consideration of Rs 200, it was

 the house thereon met on what

 on the subject, ^{was called for} together with the
 records if any, to show whether
 there was any dispute in connection
 with the site prior to 1898, ^{where}

 which was gifted away to the Govt

by Chinnamma in 1873, it was

construction of the building by

to the mutt, ~~is~~ it was actually
ever used as a ~~musapukhama~~
and if so, why the transaction
was not objected to until 1898,
observing at the same time that
there were no records forthcoming in the file
to throw light that the building
was ever used as ~~musapukhama~~ ^{such} -

to state what he had to say in
the matter of the continuation of
the appellants' Advocates Messrs
Rangjogar and Narasimha Zangar
that the building had, from the
commencement, been treated as the
mutt's own private property.

The Mysore Asst-Commr and C.B. was also pointed out, Seshagiri Rao ^{in having taken up} _{his} the building without any sort of formal enquiry, ^{in spite of} ~~although~~ the Complaint-petition of the appellants Advocate Mr. Rangjekar ^{having} ~~and~~ been formally referred by the Dy Commr to Mr. Seshagiri Rao.

21 It was also enquired whether Mr. Seshagiri Rao had issued any written orders in the matter to the Amildar.

22. In reply, the Dy Commr states that the Amildar argues ^{that} (i) that it is not ascertainable when and by whom the tiled house was built and how Srinivasa Zengar came to get possession of it; (ii) that when the house was in a dilapidated condition, the materials of the building were auctioned in

after a notice was issued to the
Mutt's Agent, and that after
the sale was closed, Chinnamma
executed a mutahilika ^{in June 1892} that
he would do the ~~to~~ necessary
repairs within 4 months; and (iii)
that as the mutt did not contest
the right of the Govt. to all the
materials and the legality of
the mutahilika executed by Chinnamma,
it shows the weakness of the mutt's claim.

23. As regards the Munsapurkhanna
known as "fare kattada", the
Dy Commr reports ⁽ⁱ⁾ that it is
stated by the Amildar that
the mutt, before acknowledging
the gift, should have ascertained
whether Chinnamma had any right
to make over the Munsapurkhanna
to it; ⁽ⁱⁱ⁾ that the Agent has deposed
that Brahmin travellers were using
the

the Newsaperkhana and (iii) that as the dispute regarding the ownership of vacant site was not raised before 1898 and as the Newsaperkhana was being used by the travellers, the local authorities were kept ignorant of the fact of the transaction between the founder and the Matt.

24. The By Commr further reports that, the Vahanams and other articles having been kept in the Newsaperkhana, Mr Seshagiri Rao desired to inspect them; ~~that~~ that the Agent, having failed to open the building, it was opened in the presence of a Bartholomew for the examination of the Govt articles kept there; but that no written orders were issued by the Asst Commr

who had the key,

(36)

to the Amildar in respect of the above action.

25. In these circumstances, the Dy Commr recommends concurrently with the Amildar, that the vacant site and the building may be given over to the Mutt, on the conditions mentioned in the mukhikata executed by the late Chinnanna, viz, that the building should be kept open for the use of the travelling public.

Subd to the Secy

It is too late to question the claim of Abolalappett now to these two buildings. The deed of gift and the sale deed show that the Mutt obtained possession of them by lawful means. The Khaukumari account contains entries for a number of cars in which the bullocks are stated to belong to Abolalappett.

The notices issued by Amildar
 Suddararajapur and Krishna-
 pur in 1897 and 1900 ~~show~~
 to the Agent of the Mutt to repair
 the buildings show that the claim
 is not a shadowy one. Mr. Seshapur-
 Rao's procedure in ordering
 the locks of the new brick building
 to be broken open was too summary
 and the agent of the Mutt protested
 against it at the time. On the whole,
 I think the claim may be ^{accepted}.
 It is strange that from 1873 to 1898
 the claim of the Mutt should
 have been silently acquiesced
 in and that for it should have
 been called in question for the
 first time in the latter year.
 When lately I was at D. Karsipur,
 I found that the present complaint
 was the outcome of the dispute
 existing in that place between
 Deegale's and Vadagale's.

Sir,

With reference to the official
communication of 15th 1903, in which
I am very sorry calling attention to
petition of Sri Seshadri for compensation
against the local magisterial officer in the
matter of a building alleged to belong
to the Sri Athabala Swami Matt at T. bari
-pur, I have the honor to submit here
-with the entire records connected therewith
-with and to state that in the year 1860
one Chinnamma had obtained from
-Government a piece of land for constructing
Musa fir Khana for the use of all castes
and commenced the building and
left

left it unfinished. In the year 1875
he appears to have gifted it to the Alu-
-kala Matt, which was contrary to the
conditions of the original grant.

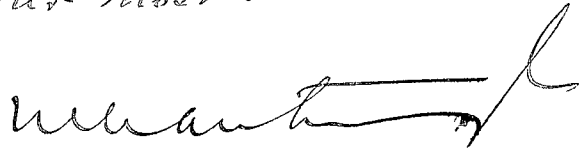

2 It is not clear how Srinivas Iyengar
(deceased) acquired the other portion of
the land alleged to belong to the Matt.

It will be seen from the concluding
lines of the Amildar's report. No. $\frac{4}{75}$
dated 16th October 1898 that the land
belongs to the Sri Ganga Narasimha
-swami temple.

Mysore Government
Muzrai Surtant

To

The Dy Commissioner
Mysore District

Dated June 1903.

His Letter no 217 dated
28th February 1903, reporting
upon the Appeal Petition of
G. Seshadri Lingar, Agent
of the Sri Athabaleswari
Mutt at G. Narasipura,
complaining of the unnecessary
interference on the part
of the local Muzrai
Officers, in the matter of
a vacant site and a
building, alleged to belong
to the Sri Athabaleswari
Mutt.

(2)

With reference to the above has the honor to observe that two questions are ^{mixed up} ~~involved~~ in the present appeal, and that the records submitted by the Dy Commr are not complete in either of them - One of the questions is about a vacant site, and the other about a building, both situated between the Sri Jaganadana-swami and the Sri Sri Ganga Narasimhaswami Temples at J. Narasipur -

2. As regards the vacant site, it is observed that one Valabaga Srinivasa Lingar of J. Narasipur had built a house thereon ^{there} prior to 1873 and sold it -

it to the Khushnaswami
 mutt in 1873 for a con-
 sideration of Rs 200, the
 Deed of ^{Sale} ~~Gift~~ being registered
 in the late Salkard Sub-
 Registry Office. This site
 is ~~continued~~ to have ever
 belonged to the Sri Ganga
 Khushnaswami Temple,
 but it is not very clear
 when and under what
 circumstances ~~the~~ it came
 to the possession of Valabopal

3. Secondly, as regards
the building which is alleged
to be a mesuferkhana, but
which is claimed by the

the Mutt's own property:-

The ^{original} records granting

of constructing a mesuferkhana -

The grantee is stated to have ^{partially} constructed a building

It is however, not ascertainable
from the records, whether
after

after the construction of
 the building by Chimmura
 and before its transfer
 to the Mutt by a Deed
 of Gift, it was actually
 ever used as a Munsif-

 the transaction between
 the founder and the
 Mutt was not objected

 in it, especially seeing
 that this Deed was ^{also} registered

of the same -

Sir,

With reference to your docket
No. 2607 dated the 27th June 1903 and
55-01
subsequent reminder calling for fur-
ther particulars regarding a vacant
site and a building alleged to belong
to Sri Ahobaladaswami Math at T. Narasipur,
I have the honor to transmit herewith
the entire correspondence ending with the
T. Narasipur Taluk Amildar's report No.
33 dated the 5th September 1903. The follow-
ing is a summary of the facts con-
tained in the Amildar's report: —

2. The vacant site and the building
in question are: contiguously situated.

They were granted to one Ghemanna on the express understanding that a Musafirkhana should be built thereon for travellers.

3. Two buildings viz a tiled house and a garé Kattada (Known as Musafirkhana) appear to have been built, but it is not ascertainable when and by whom they were built. The tiled house was however sold by one Srenivasengar to the Matt in the year 1873, but it is not known what right he had to do so. It has not been proved either by Srenivasengar or the Matt how the former came to get possession of the tiled house, and the sale deed does not contain any facts connected with it. The tiled house bears different names in the Khaneshanari accounts. In the Khaneshanari of 1872-1873 it is recorded that the house was built by Seenapp

- bin Kasthur Rangachar and that one
Putta Rangi was in it. In the accounts
of the subsequent years the building
has been designated differently. There has
been no attempt on the part of either
Irenevasingar or the Matt to have his
or its names substituted. The association
of the word "Matt" with the building
might have been ^{due} to the conjoint underhand
action of the Matt and the village officials.
The Shambhogue's statement shews that the
tiled house belongs to Government and
that the Matt's name was shewn in the
Khaneshmari accounts as the Matt's people
lived there, and as in previous years the
names of "Putta Rangi" and "Court Munshi"
who were residing in it were entered. When
the tiled house was in a dilapidated con-
-dition, a notice was issued to the Matt's
agent for the execution of the necessary
repairs. When the materials of the building,
viz tiles and bamboos, were auctioned on
the

the 21st June 1892 one Ramanujengar purchased them for Rs. 7-6-0. After the sale was closed, - Chinnamma appeared in person on the 24th June 1892 and executed a Mutchalika (N^o $\frac{53}{13}$) that he would do the necessary repairs to the tiled house within 4 months. It is to be observed that neither Sreenivasa Iyengar nor the Matt contested the right of the Government to sell the materials of the tiled house and the legality of the Mutchalike executed by Chinnamma. These shew the weakness of the Matt's claim to the site on which the tiled house was raised. Feroist N^o $\frac{53}{15}$ is the order of Amildar W. Ramachandra Rao. It is stated in it that Chinnamma undertakes to execute the necessary repairs according to his Mutchalike, that the Matt did not establish its claim to the tiled house and that it would be put to sale by public auction. This strengthens the Government right

right over the property. As the site was originally granted by Government to Ghismanna for a common object and as the tiled house was not kept in good state fit for the sojourn of travellers, the local authorities seem to have issued notices for the execution of repairs.

4. The Amildar argues that the failure of the Matt to ascertain how far Brenwasienfar had a right to sell the house to it, to have its name entered in the Khameshmari accounts, to dispute the Government interference in issuing notices ~~to~~; to have the sale of the materials of the house set aside and to disprove the validity of the last Mutchalike executed by Ghismanna, binding himself to execute the necessary repairs shew the ~~illegality~~ ^{unauthorised} ~~illegality~~ of Brenwasienfar's action and the weakness of the Matt's claim to the vacant site. The Amildar also states that

that the ³original sale deed has not been produced till now, that this dispute only cropped up when the ~~Matt's~~ ^{Matt's} encroachment on the flower garden of the temple was ^{disallowed} ~~disallowed~~ by Government.

25. As regards the Musafir Khana known as "Gare' Kattada", it is stated that it was erected by Chinnamma, the original grantee of the site, that it was gifted by him to the Matt in token of gratitude for the "Maitropadesham" from the Matt. The Amildar says that as the site was given for erecting a Musafir Khana for the public, Chinnamma had no power of alienation. The Matt before acknowledging the gift should have ascertained whether Chinnamma had any right to make over the Musafir Khana to it. The Agent of the Matt Appraiser has deposed that Brahmin travellers are using the Musafir Khana, that after the execution of the necessary repairs, it would be

from the Deputy Commissioner
of the Mysorest, submitting records
relating to the above.

Order thereon x

The facts of the case are as
follows:—

One Valabagal Sreenivasa
Iyengar of T Narsipur had

* NO 253- Incl 1 file
.7. no. 55-01

of 12.7.04.

built a tiled building on a vacant site adjoining the Sre Janardhanaswami temple at T. Narripur. When he built it and how he came to the possession of the site is not known. On the 29th September 1873, he sold the building together with the backyard attached to it to the Sre Shobabamath for a consideration of Rs 200/-.

2. In December 1860, a piece of land by the side of the house above referred to was granted under the orders of the late Superintendent of the Ashagram Division to one Chinanna of T Narripur for constructing a Munsafikhana for the use of all classes of travellers. On this site, the grantee constructed a building

to a certain extent and had been in possession of it till 1873, when he gifted it away together with the materials collected by him for the completion of the building to the Sri Khobala Math. The Math thus came into the possession of Sriviraneugar's tiled house and the unfinished MusafirKhana building in 1873 and continued in the undisturbed possession thereof till 1902.

3. The tiled building however ^{had} fallen down and the other one much dilapidated in the year 1898, when the Math began digging the foundation for erecting a building on the site on which ^{once} stood the tiled building. Thereupon, some of the local residents of J Narainpur petitioned that the further progress of the

work should be ordered to be stopped, a few on the ground that it was a source of danger to the neighbouring temple of Sri Janardhanaswami during the rainy season on account of the stagnation of water and the others on the ground that they intended to make certain alterations to the said temple on the site near to it.

4. The Amildar Mr. Sundara Rajiengar who enquired into the matter in January 1900, expressed his opinion that the vacant sites in question had been shown in the Survey Accounts as having belonged to the Sri Ganga Narasimha Swami temple and that therefore he could not make out how the transaction between the Matt on the one hand and the Srinivasengar and Chinanna on the other could be held valid.

5. Petitions having been frequently ~~made~~^{submitted} by the Agent of the Matt to the Muzrai Asstt Commr. praying for permission to go on with the construction of the building, they were ref^d to the Amildar, and on the report submitted by the latter Officer, the Asstt Commr. M^r. Chengiah Chetty, issued a prohibitory order in January 1900 directing that any ^{further} progress of the work should be held in abeyance,

6. The case was in this stage till April 1902, when again the Agent of the Matt applied ^{to the Dy Commr.} for permission to proceed with the construction of the building. This petition having been referred to for disposal to ~~the~~ M^r. C. B. Seshagiri Rao, the then Muzrai Asstt Commr., the (now Sub-judge of Hassan) latter Officer without taking

formal action in the matter,
had a notice issued to the Agent
of the Matt on the 7th Nov: 1902,
to unlock the building gifted
to the matt by Chinnanna and
hand over the possession thereof
to the temple Parpa Hegar before
6 P.M. that day; and as ^{the notice} ~~the~~ was
not complied with, ~~the~~ ~~order~~ Mr.
Seshagiri Rao had the doors of
the building broken open ~~in~~ the
^{last} ~~very~~ evening, in the presence of
^a panchayat. Against this order
of the Asstt Commr., the Agent
of the matt has now appealed
to Govt

7. The Deputy Commr. to
whom the appeal petition was
referred for report, recommends that
the vacant site and the building
may be given over to the Matt
on the condition ~~as~~ mentioned
in the Mutahulika executed
by Chinnanna, viz that the
building should be kept open
for the use of the travelling public.

8. From the deed of gift and the sale deed produced by the Agent of the Ahobala Matt and from the records submitted by the Dy Commr., it is observed that the matt obtained possession of the buildings by lawful means. The Khameshwari acc~~ts~~ contains entries for a number of years in which the buildings in question are stated to have belonged to the Ahobala Matt. The notices issued by the Amildar, Sridara Rajengar and Krishn^{rao} in 1897 and 1900 to the Agent of the Matt to repair the building^s show that the claim of the Matt is not a shadowy one. The claim of the Matt has been silently acquiesced in from 1873 to 1898, and ^{was} ~~has~~ called in question for the first time in the latter year. M. C. B. Seshagiri Rao's procedure

in ordering the locks of the building to be broken open was therefore ~~too~~ summary and undefensible. Under these circumstances, the Govt are pleased to recognise the claim of the Sri Shobala Matt to the site and the building in question.

~~The Deputy Commr is accordingly~~
~~issuing~~ ^{issue} needful instructions to the Amildar to

~~requested to put the Agent~~
of the Matt in possession thereof

~~and report the same to Govt~~ ^{fact}

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Petition Registered No. 1922, dated 22nd January 1903, received from Thirumathi Venkanna, Agent of the Sri Ahobala Math at T. Narasipur, appealing against the order of the Muzrai Assistant Commissioner ejecting him from the possession of a site and a building belonging to the Math, both situated between the Sri Gunja Narasimhaswami and the Sri Janardhanaswami Temples at T. Narasipur.

AND—

Correspondence ending with letter No. 153 dated 1st January 1904, from the Deputy Commissioner of the Mysore District, submitting record relating to the above.

No. 2534—Misc. R. 55-01, DATED BANGALORE, 12TH JULY 1904.

ORDER THEREON.—The facts of the case are as follows:—

One Valabagal Srinivasalingar of T. Narasipur had built a tiled building on a vacant site adjoining the Sri Janardhanaswami temple at T. Narasipur. When he built it and how he came to the possession of the site is not known. On the 29th September 1873, he sold the building together with the backyard attached to the Sri Ahobala Math for a consideration of Rs. 200.

2. In December 1880, a piece of land by the side of the house above referred to was granted under the orders of the late Superintendent of the Ashtamun Division to one Chinanna of T. Narasipur for constructing a *muzafirkhana* for the use of all classes of travellers. On this site, the grantee constructed a building to a certain extent and had been in possession of it till 1873, when he gifted it away together with the materials collected by him for the completion of the building to the Sri Ahobala Math. The Math thus came into the possession of Srinivasalingar's tiled house and the unfinished *muzafirkhana* building in 1873 and continued in the undisturbed possession thereof till 1902.

3. The tiled building, however, had fallen down and the other one much dilapidated in the year 1898, when the Math began digging the foundation for erecting a building on the site on which once stood the tiled building. Thereupon, some of the local residents of T. Narasipur petitioned that the further progress of the work should be ordered to be stopped, a fear on the ground that it was a source of danger to the neighbouring temple of Sri Janardhanaswami during the rainy season on account of the stagnation of water and the other on the ground that they intended to make certain alterations to the said temple on the site near to it.

4. The Amildar Mr. Sundrarajalingar who enquired into the matter in January 1900, expressed his opinion that the vacant site in question had been shown in the Survey accounts as having belonged to the Sri Gunja Narasimhaswami temple and that therefore he could not make out how the transaction between the Math on the one hand and Srinivasalingar and Chinanna on the other could be held valid.

5. Petitions having been frequently submitted by the Agent of the Math to the Muzrai Assistant Commissioner praying for permission to go on with the construction of the building, they were referred to the Amildar, and on the report submitted by the latter officer, the Assistant Commissioner Mr. Chongiah Chetty issued a prohibitory order in January 1900, directing that further progress of the work should be held in abeyance.

6. The case was in this stage till April 1902, when again the Agent of the Math applied to the Deputy Commissioner for permission to proceed with the construction of the building. This petition having been referred for disposal to Mr. C. R. Seshaagiri Rao, the then Muzrai Assistant Commissioner, the latter officer (now Sub-Judge of Hassan) without taking formal action in the matter, had a notice issued to the Agent of the Math on the 7th November 1902, to unlock the building gifted to

Muzrai, dated 12th July 1904.

the Matt by Chinnanna and hand over the possession thereof to the temple Parpathegar before 6 P.M., that day; and as the notice was not complied with, Mr. Seshagiri Rao had the doors of the building broken open the same evening, in the presence of a panchayet. Against this order of the Assistant Commissioner, the Agent of the Matt has now appealed to Government.

7. The Deputy Commissioner to whom this appeal petition was referred for report, recommends that the vacant site and the building may be given over to the Matt on the condition mentioned in the mutchhalika executed by Chinnanna, viz., that the building should be kept open for the use of the travelling public.

8. From the deed of gift and the sale deed produced by the Agent of the Ahobala Matt and from the records submitted by the Deputy Commissioner, it is observed that the Matt obtained possession of the buildings by lawful means. The Khaneshumari account contains entries for a number of years in which the buildings in question are stated to have belonged to the Ahobala Matt. The notices issued by the Amildar Sundrarajengar and Krishnaingar in 1897 and 1900 to the Agent of the Matt to repair the buildings, show that the claim of the Matt is not a shadowy one. The claim of the Matt has been silently acquiesced in from 1873-1898, and was called in question for the first time in the latter year. Mr. C. B. Seshagiri Rao's procedure in ordering the locks of the building to be broken open was therefore summary and indefensible. Under these circumstances the Government are pleased to recognise the claim of the Sri Ahobala Matt to the site and the building in question.
